

Real World Evidence Generation Work Experience Placement

(minimum 3-month commitment & right to work in the UK necessary)

Are you looking for work experience to enhance your career opportunities after graduation?

Wanting to earn some extra cash whilst at university?

This could be the opportunity for you!

Who We Are:

Adelphi Real World (ARW) is a global consultancy in healthcare. We collect and interrogate real world data to aid the pharmaceutical industry in understanding the management and treatment of specific diseases. This understanding informs the successful development of pipeline assets and the positioning of inline products. Real world data can also be used to leverage Health Outcomes / Economic argumentation through statistically validated publications.

The Role:

The ARW work experience placement offers challenging, real-world work on live projects or assignments that have a genuine impact on healthcare users. You'll learn from us, develop your skills, and gain valuable experience for a career within pharmaco-epidemiology and real-world evidence generation.

What you'll be doing:

- The scope of the work experience placement includes the following tasks:
 - Conducting desk research on available real-world data (RWD) sources globally.
 - Assisting with draft deliverables and generating market/disease area research content.
 - Assisting with study feasibility and data landscaping project tasks (e.g., online literature search & review).
 - Identifying and assessing existing data sources for data analysis purposes.
 - Other administrative tasks as required/desired.

The Person:

- Working towards a bachelor's degree or higher in a relevant field (at least 2nd year of bachelors)
- Relevant field includes public health, epidemiology, biostatistics, or similar
- Strong analytical and research skills
- Excellent written and verbal communication skills.
- Ability to work independently and as part of a team
- Highly motivated with a proactive approach to work
- A passion for innovation, and implementing new ideas
- Strong written and verbal communication skills
- A high level of numeracy, analytical, and interpretive skills
- Close attention to detail
- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint, etc.)
- Must have the right to work in the UK

Additional Details:

- Working arrangement:
 - Part-time, no more than 20 hours per week for full-time students during term time.
 - Working hours will be *ad-hoc* based on the available of work.
 - Successful candidate will be able to choose working hours to suit academic commitments.
 - 3-month minimum work placement, extension possible based on needs of the company
 - Salary: £16.00 p/h
